

Christophe COTTE  
Tapiserie & sellerie de marine  
Classic & Marine Upholstery

*Since the launch of Yachting Pages we have received regular serious enquires from captains, 1st mates & chief stewardesses.*

*We have since worked on four 50M Yachts and one 70M Yacht as a direct result of our advertising in Yachting Pages.*

*We are now starting to re-quote for the same clients who have already found us in Yachting Pages.*

*The directory has been very well distributed throughout the Mediterranean which has also led to large Yachts in Italian ports contacting us and ordering by mail order.*

*Yachting Pages hits exactly our target market and has provided us with at least 10 times our initial investment.*

*Advertising in the Yachting Pages is good for our image, because of the high quality of the Publication and our advert.*
